

EquiTrend Offers Buy and Sell Signals for the Market

EquiTrend (www.equitrend.com) provides investors with buy and sell signals, market commentary and weekly performance updates for multiple investment strategies. EquiTrend's investment models are designed for trading equity indexes, exchange-traded funds and some actively managed mutual funds.

Members of EquiTrend receive a nightly E-mail with an update on EquiTrend's position on the market. A buy signal means EquiTrend expects the market to move higher, and a sell signal means EquiTrend anticipates it will move lower. Members also have access to news articles about the economy and the market. Subscriptions to EquiTrend cost \$49.95 per month or \$599.40 per year. A free 30-day trial is available. --AAII's *Computerized Investing*
